Any swimmer entered in the meet must be certified by a USA Swimming Member Coach as being proficient in performing a racing start or must start each race from within the water. SWIMS:

The USA Swimming SWIMS database requires that ALL swimmer data be correct before any meet data (swimmer times) will be loaded into the USA Swimming database. If you know of any swimmer data that is NOT correct in the meet database please notify the meet referee as soon as possible. The appropriate changes will be made. The data will be sent to USA Swimming within 3 days of the meet.

Heats will be limited starting with the slowest entrants. The Meet Referee will make the final determination as to event combining and or limitation of heats. Coaches will be notified if limitations are required. The odd heats of 100 & 200 individual events, and the 400 free, will start from the west end (park side) of the pool and the even heats will start from the east end (parking lot side) of the pool. All 50m events will start from the east end; the 800 free, 400 IM, and relays will start from the west end.

SCORING AND AWARDS:

Scoring will be done by individual age groups (10 & Under, 11-12, 13-14, 15 & Over).

All individual events will be scored, relays will not be scored. Scoring to the 7th place.

For each event, pins will be awarded for 1st through 3rd, and ribbons will be awarded 4th through 7th place. Awards will be given by age group even though events may be swum by combined age groups. There will be a high point award for the top scoring Boy and Girl in each age group (commemorative oversized towel). **High point calculations will be based on swimmers' age groups, not event age groups, so combined events will be scored separately by age group for calculation purposes.** There are no team awards.
